Dear Parents,

I am writing to inform you of our SAT prep courses to be offered at Saint Anthony’s High School. The courses will be taught by Saint Anthony’s teachers and DAC TEST PREP employees. The cost of the course is \$600, which includes all instruction and materials. The Official College Board SAT Study Guide is used for classwork and homework.

The course includes techniques which will benefit your child in Math, Critical Reading and Writing. Coursework will be useful for the SAT, although younger students should be prepared to encounter new Math concepts which will be thoroughly explained. The course schedules are listed below. Students are expected to be present and prepared for each session. Homework will be given in conjunction with classroom instruction. Students are responsible to register at collegeboard.com.

Students are responsible to register for the SAT itself at collegeboard.com.
